

Gig for Life Internet Service is available for a limited time and only to residential customers in qualifying areas. Service availability is not guaranteed in all locations. A credit check, deposit, or prepayment via credit or debit card may be required.

To be eligible, customers must enroll in a new Internet plan and activate paperless billing. Failure to activate or maintain paperless billing may result in the application of standard rates and terms in effect at that time.

Gig for Life is a month-to-month service with no long-term contract and no early termination fees. However, upon cancellation, all applicable monthly charges, fees, and taxes will be billed in full; unused service payments are non-refundable and non-transferable.

This offer may not be combined with other promotions. Customers must remain in good standing. The offer will terminate if there is any change to your account, including change of address, service plan, temporary service suspension, or failure to make timely payments.

Endeavor's standard Terms and Conditions apply. Monthly service rates, equipment lease fees, and applicable surcharges are not fixed and may increase during your service period. Federal and state taxes, regulatory charges, and other applicable fees are not included in advertised pricing. Endeavor reserves the right to modify or discontinue this offer at any time for new customers.

Additional restrictions may apply.
